Diawara Alpha

Dear the Court,

I would like to Court to appoint me an attorney so I that can help me applied for the CARES Act under the COVID 19, the prisons are getting infected daily.

I am asking the Court to appoint me an attorney to apply for the CARES Acts, home confinement, sentence reduction, etc..)

Respectfully yours

Under the CARES Act, the Court does not have the authority to order that a portion of a defendant's sentence be served in home confinement. That authority is entrusted to the Bureau of Prisons. If defendant is seeking a sentence reduction under the First Step Act, he must first make application to the Warden of the facility, and after either it is denied or 30 days have passed, he may file an application with the Court for a sentence reduction for "extraordinary and compelling" reasons. The application for appointment of counsel is DENIED without prejudice.

SO ORDERED.
